Select the appropriate responses below (Yes, No, Not Applicable) to note compliance as a recipient of Incremental High Cost support, High Cost support to offset access charge reductions, and Connect America Phase II support as set forth in 47 CFR § 54.313(b),(c),(d),(e). The information reported on this form and in the documents attached below is accurate.

Incremental Connect America Phase I reporting

- <2011> 3rd Year Certification 47 CFR §54.313(b)(1)(ii) - Note that for the July 2017 certification, this applies to Round 2 recipients of Incremental Support.
- <2022> Recipient certifies, representing year three after filing a notice of acceptance of funding pursuant to 54.312(c), that the locations in question are not receiving support under the Broadband Initiatives Program or the Broadband Technology Opportunities Program for projects that will provide broadband with speeds of at least 4 Mbps/1Mbps - 54.313(b)(2)(i). Round 2 recipients only.
- <2023> The attachment on line 2024 includes a statement of the total amount of capital funding expended in the previous year in meeting Connect America Phase I deployment obligations, accompanied by a list of census blocks indicating where funding was spent. This covers year three - 54.313(b)(2)(ii). Round 2 recipients only.
- <2024A> Round 2 Recipient of Incremental Support?
- <2024B> Attach list of census blocks indicating where funding was spent in year three - 54.313(b)(2)(ii). Round 2 recipients only.
- <2025A> Round 2 Recipient of Incremental Support?
- <2025B> Attach geocoded Information for Phase I milestone reports (Round 2 for year three) - Connect America Fund , WC Docket 10-90, Report and Order, FCC 13-73, paragraph 35 (May 22, 2013).

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Name of Attached Document Listing Required Information

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

Name of Attached Document Listing Required Information

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.

Name of Attached Document Listing Required Information

Mukluk Telephone Company, Inc.

500: Service Quality Standards & Consumer Protection Rules Compliance

510: Mukluk Telephone Company, Inc. certifies that it is in compliance with applicable consumer protection and service quality standards as set forth in Alaska Administrative Rules 3 AAC 53.450 and consumer protection rules as defined in 47 CFR Part 64 Subpart U, Customer Proprietary Network Information and the Federal Trade Commission Red Flag rules to prevent identity theft. A manual for each of those programs is in place and is part of the employees' handbook. Employee training is conducted and new hires are instructed on the programs as required by their job functions.

Mukluk Telephone Company, Inc.

600: Functionality in Emergency Situations

610: Mukluk Telephone Company, Inc. certifies that it has and will continue to take steps to remain functional in emergency situations in compliance with requirements set forth in 47 CFR 54.202(a)(2).

Mukluk Telephone Company, Inc. has twelve telecommunication local exchange communities. It uses (central office) switches from two different manufacturers (vendors) to provide the service. The manufacturers are Redcom and Metaswitch. Additionally, two of its central office switches have remote nodes. The node manufacturers include Calix (formerly Occam) and Tellabs (formerly AFC). Each central office and interconnecting network equipment site contains provisions for reserve power to keep all equipment operating without interruption at the busy-hour load following any failure of the primary electric power source. All switches have 12 hour battery back-up. The Nome switch (Metaswitch) has a back-up generator which will provide power indefinitely. The nodes have 8 hour battery back-up.

At all of Mukluk Telephone Company, Inc's local exchange service areas, it provides a stand-alone switch (not connected to other central offices) directly connected to two separate IXCs. There are separate cable routes to each IXC in 9 of the locations (3 are on the same facility without redundancy). If either route is damaged access to long distance is attainable through a dial around process. All of Mukluk Telephone Company, Inc's switches are non-blocking and capable of handling traffic spikes resulting from emergency situations.

Mukluk Telephone Company, Inc. has established procedures to be followed by its employees in the event of emergencies.

920: Tribal Engagement Document

Tribal lands in Alaska are defined differently than what typically is used to describe tribal lands and tribal authority in the contiguous 48 States. Alaska Native Regions were not carved out of existing reservations and occupy a different legal status than allotments which are defined as Indian Country under 18 USC Sec. 1151. They include all Alaska Native Regions established pursuant to the Alaska Native Claims Settlement Act. (ANCSA), 43 U.S.C Sec. 1601. ANCSA lands do not qualify as Indian Country. This Act extinguished the Alaska tribes' aboriginal title to land, while creating village and regional corporations that received title to certain lands within 12 geographic regions of the state. The shareholders of those ANCSA corporations are primarily tribal members and their descendants. The ANCSA regions consist of the entire State of Alaska and are defined as tribal lands.

TelAlaska, Inc. subsidiary, Mukluk Telephone Company, Inc. (MTC) is a public utility corporation (Certificate No. 253) providing local exchange telephone service to the following communities: Elim, Golovin, Koyuk, Little Diomed, Shaktolik, Shishmaref, St. Michael, Stebbins, Teller/Brevig Mission, Wales, White Mountain and Nome. These remote and very rural Alaskan native communities are located on the Seward Peninsula and an island in the Bering Sea in western Alaska.

921: Needs Assessment and Deployment Planning with Focus on Anchor Institutions

MTC strives to work in conjunction with its Alaskan Native community leaders and anchor institutions to assess, plan and deploy telecommunication facilities in its exchange service areas. During 2016, MTC undertook the following steps to communicate with its Alaskan Native community: Using its assembled list of native leaders with contact information for all of federally recognized tribes in MTC's serving areas from the Federal Register, Dave Goggins, President and General Manager initiated direct contact via phone calls to native leaders, covering each of MTC's exchanges. The purpose of these calls was to discuss and describe the Tribal Government Engagement Obligation as reported in the July 19, 2012 FCC Public Notice and open or continue a dialogue with the local leaders. During these direct conversations, the native community leaders offered direct and candid feedback on the quality of MTC's voice and broadband services to their community as well as what if any concerns they may have regarding new service opportunities. Mr. Goggins shared MTC's plans on future network activity and provided the native leaders with direct contact information for any future discussions.

922: Feasibility and Sustainability Planning Tribal Land Network

See narrative response to 921.

923: Marketing Services in a Culturally Sensitive Manner

Mukluk Telephone Company, Inc. staff has strived to devise marketing strategies that are culturally sensitive. Given that all of MTC's customers reside on Alaska Native Region lands, the intent of its marketing strategy is to appeal to, and be appropriate for, Alaskan Natives. MTC management and staff have attended regularly scheduled monthly community events and meetings. In addition, MTC staff work directly with local leaders and residents in the communities, which keeps MTC's marketing message continually fresh, relevant, and sensitive to the culture of those currently served and to be served in the future. Marketing materials also feature photos of Alaska Native families rather than purchased images from stock photo companies.

924: Rights-of-Way Processes

MTC obtains Right of Way permits from the State of Alaska, Federal agency or tribal organization which has the legal ROW authority over these lands. Local village administrations are also contacted as applicable before accessing roads, easements or private property, informed of the intended project and offered opportunities for feedback. MTC engineers design plans to ensure total compliance with all Right of Way permitting requirements.

925: Compliance with Land Use Permitting Requirements

MTC complies with all federal, state and/or local land use permitting requirements as applicable. There are no known specific tribal permitting requirements. As a component of its telecommunications infrastructure deployment planning process, MTC communicates with local village council representatives to inform them of planned land uses, provides a map of the impacted areas, offers opportunities for feedback and if applicable, obtains a letter of non-objection for placement of network facilities.

926: Compliance with Facility Siting Rules

MTC works to ensure that all required facility siting rules, federal, state, and other are completed to the satisfaction of these governmental authorities and consistent with the needs of the Alaska Native communities.

927: Compliance with Environmental Review Processes

MTC works to ensure that all required environmental assessments, federal, state, and other are completed to the satisfaction of these governmental authorities and consistent with the needs of the Alaska Native communities.

928: Compliance with Cultural Preservation Review Process

As an Alaskan company, MTC has the highest sensitivity regarding preserving the cultural integrity of the land. Understanding that Alaska native lands are rich with artifacts and ancient burials, MTC ensures that applicable cultural preservation requirements are always followed.

929: Compliance with Tribal Business and Licensing Requirements

N/A. MTC complies with all business and licensing requirements of the State of Alaska.

Mukluk Telephone Company, Inc.

1000: Voice and Broadband Service Rate Comparability

1030: All communities within Mukluk Telephone Company, Inc study area are served with satellite middle-mile facilities. Mukluk offers service in these communities at the prices to which it committed with its Alaska Plan performance obligations.¹

Mukluk Telephone Company, Inc.

1200: Terms and Condition for Lifeline Customers

Mukluk Telephone Company, Inc. provides local wireline voice telephony service to eligible Lifeline subscribers.

1221: Information describing the terms and conditions of the local wireline voice telephony service offered to Lifeline subscribers by Mukluk Telephone Company, Inc. are outlined in the tariff sheets below.

1222: Local wireline service is provided by Mukluk Telephone Company, Inc. at a flat rate per month and includes unlimited local calling. This is the same service offered to Lifeline subscribers.

1223: Lifeline subscribers may choose to block toll access at no charge to them or choose a long distance provider of their choice for the best toll calling plans and rates available to them.

RECEIVED**OCT 17 2016**STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**MUKLUK TELEPHONE COMPANY, INC.**GENERAL EXCHANGE SERVICESENHANCED LIFELINE SERVICEA. GENERAL

Enhanced Lifeline Service is a reduction in basic local service charges for residential service, available only to qualifying low income customers living on tribal lands. Qualifying customers pay reduced charges for a primary residential line as a result of the application of payments from the state and the interstate universal service funds and a waiver of the qualifying customer's end user subscriber line charge. All customers in the Company's service area are deemed to live on tribal lands.

B. REGULATIONS

1. Enhanced Lifeline Service will be offered to any requesting customer meeting the following criteria in (a) and/or (b) below:

- a. The customer lives in a household with income at or below 135 percent of the current official Federal Poverty Income Guidelines published annually in the Federal Register by the United States Department of Health and Human Services. For purposes of applying the poverty guideline, the term "family unit" means all persons who occupy a housing unit, whether they are related to each other or not.
- b. The customer participates in one of the following programs:
- Supplemental Security Income (SSI)
 - SNAP (Food Stamps) (T)
 - Medicaid
 - Federal Public Housing Assistance
 - Veterans and Survivors Pension Benefits (N) (D)
 - Bureau of Indian Affairs general assistance
 - Tribally administered Temporary Assistance for Needy Families
 - Head Start Programs (only those meeting its income qualifying standard)
 - Food Distribution Program on Indian Reservations (FDPIR) (N) (D)

D-Deleted Low Income Home Energy Assistance, National School Lunch Program, Alaska Temporary Assistance Program, Alaska Adult Public Assistance Program, VA Disability Pension, Child Care Assistance Program - PASS I, PASS II, PASS III, WIC - Women, Infants & Children Program, Alaska State Housing Corporation Programs (D)

GENERAL EXCHANGE SERVICES

ENHANCED LIFELINE SERVICE - continued

B. REGULATIONS – continued

- d. The premises at which the residential service is requested is the customer's principal place of residence.
- e. Enhanced Lifeline Service is available on the primary residential line only. The residential premises shall consist of that portion of an individual house or building or one apartment or flat occupied by a single family or individual(s) functioning as one domestic establishment.
2. Enhanced Lifeline Service shall not be disconnected for non-payment of toll charges; however, the Company may disconnect access to interexchange services should the customer not pay incurred toll charges.
3. If the customer chooses "toll blocking" the Company will not charge a service deposit.
4. Enhanced Lifeline Service includes the following:
- Single party, voice grade access to the public switched network;
 - Access to emergency service;
 - Access to operator service;
 - Access to interexchange service, unless toll blocking is chosen;
 - Access to directory assistance, unless directory assistance restriction is chosen; and,
 - Toll blocking, if requested.

GENERAL EXCHANGE SERVICES

EXPANDED LINKUP ASSISTANCE

A. GENERAL

Expanded Linkup Assistance is a program for qualifying low income customers which includes a reduction in the Company's customary charge for service connection for a single residential line connection at a customer's principal place of residence, and a deferred schedule of payment of the charges assessed for commencing service, for which the customer does not pay interest. Expanded Linkup will provide a reduction to any standard charges imposed on qualifying low-income individuals as a condition of initiating service, including both line extension and initial connection charges. Expanded Linkup support provides for:

- A 100% reduction, up to \$100 of a qualifying subscriber's initial connection charges (C)
- Total maximum support amount of \$100 per qualifying low income subscriber. (C)

The supported services under this section do not include charges assessed for facilities or equipment that fall on the customer's side of the demarcation point, i.e. customer premises equipment and inside wiring charges.

B. REGULATIONS

1. Expanded Linkup will be offered to any requesting applicant meeting all the criteria as listed for Enhanced Lifeline Services.

Title: CEO

REDACTED -- FOR PUBLIC INSPECTION

Mukluk Telephone Company, Inc.

3010: Public Interest Obligation Certification

In compliance with 47 C.F.R. § 54.313(f)(1)(i), Mukluk Telephone Company, Inc. includes in this filing associated with its Alaska Plan performance obligations a letter providing a "Public Interest Obligation Certification".

54.313(g) Areas with no terrestrial backhaul

None of the Mukluk Telephone Company, Inc. (MTC) exchanges are connected by roads and all are served by satellite backhaul facilities. All locations are able to support the broadband service level of 1Mbps downstream/256kpbs upstream. Nome and Shaktoolik both have microwave middle mile access but are not able to support the broadband service level because of cost prohibitive backhaul facilities¹.

In compliance with 47 C.F.R. § 54.313(f)(3), Mukluk Telephone Company, Inc certifies no new terrestrial backhaul or other satellite backhaul became commercially available in the 2016 calendar year. MTC continues to seek economically sound solutions to address the provisioning of required broadband speeds given the extremely high costs of middle mile. Unlike urban areas, due to the cost of satellite connections necessary to provide broadband to the customer, high-speed broadband cannot be unlimited. Managing the network with various service offerings is essential to promote the use and enjoyment of the Internet by all of our customers.

RE: WC Docket No. 14-58, 2016 Annual Report, Form 481 for High-Cost Recipient 47 CFR 54.313(f)(1)(i) "Public Interest Obligation Certification".

Dear Ms. Dortch,

In compliance with the filing requirements associated with and attached to Form 481, Mukluk Telephone Company, Inc. submits certification to the Commission that it provides high speed internet service to its customers and:

- Is taking reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream consistent with the public interest obligations adopted in the *Alaska Plan Order* and the deployment obligations set forth in the approved performance plan,
- Provides broadband service with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and;
- That reasonable requests for such service are met within a reasonable amount of time.

If there are any questions, I may be contacted at 1-907-563-2003.

Sincerely,

David J. Geggins
President and General Manager

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Mukluk Telephone Company, Inc.

We have audited the accompanying financial statements of Mukluk Telephone Company, Inc., which comprise the balance sheets as of December 31, 2016 and 2015, and the related statements of income, changes in stockholder's equity, and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mukluk Telephone Company, Inc. as of December 31, 2016, and the results of their operations and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

The 2015 financial statements of Mukluk Telephone Company, Inc. were audited by other auditors, whose report dated March 25, 2016 expressed an unmodified opinion on those statements.

Joseph, William; Co., PSC
